Creative & Performing Arts Selection Criteria

WITH THE CURRENT SITUATION REGARDING THE COVID 19 VIRUS AND ITS IMPACT ON ALL ARTS AND SPORTING ACTIVITIES IN 2020, THESE CRITERIA WILL ONLY BE USED AS A GUIDELINE. PREVIOUS YEARS ACHIEVEMENTS AND POTENTIAL WILL ALSO BE CONSIDERED.

- Demonstrated technical achievement in at least one style/form/genre of dance;
- Demonstrated experience in more than one style/form/genre of dance;

- Range of learning experiences in dance, preferably including NCEA level 3 dance;
- Demonstrated ability to work creatively and collaboratively in dance;
- Readiness to learn and demonstrate safe practice, responsible attitudes and critical awareness in dance contexts.

Rationale:
The focus is students engaging with the approaches of contemporary dance alongside their existing style/form/genre. In order to work with the academic staff in Dance, the scholar needs initiative, enthusiasm, critical awareness and experience in creative/performance activities in dance and a range of experience in dance styles/forms/genres. They should have begun dance education prior to university (through dance curriculum in schools) rather than only undertaken dance training (in private dance studios). (Some flexibility is available for students for whom dance may not have been available in their school curriculum.)

MUSIC
Arts Advisor: Mike Williams

The Hillary Programme aims to identify students with exceptional talent and potential. Our aim is to nurture that talent and to allow students to reach their full potential as performers and composers. Representatives from both the performance and composition streams in the Music Department will evaluate potential Hillary scholars based on the following criteria.

Performance students will have passed a competitive audition for the performance staff which should demonstrate:

- Fluent Technical Facility with their particular instrument
- Understanding Technical requirements and demands of any given piece
- Engaging personality and performance ability
- Shows a good knowledge of Theory and aural skills
- Composition students need a developing portfolio and demonstrate an ability to write effectively using a variety of techniques
- Demonstrated ability to work creatively and collaboratively in Music
  • Enrolment will normally be in a programme of study in their relevant creative or performing art
- Preference will be given to those students studying towards either the BMus, or the BA with Music major.

Auditions as a result of Covid 19 situation - depending on the national status at the time, auditions and interviews may take place either face to face or via a live streaming video platform. Auditions will include short aural tests to determine the applicant's level of theory, and musicality. Please contact the University of Waikato Music Department to seek clarification on how this will be managed. Phone: 0800 800 145 or +64 7 838 4380. Email: musi-fass@waikato.ac.nz
