How to get into University – IB

Award of the full IB Diploma (24 points or higher)

University Entrance from International Baccalaureate
Applicant Portal

Apply to study at the University of Waikato
Unistart programme

Jaydene Meadows
Unistart Programme Coordinator
Unistart Re-cap

- Gives students confidence in knowing they have what it takes to succeed at university.

- Completed Unistart papers can be credited towards a University of Waikato undergraduate degree.

- Every student is automatically considered for the Waikato Unistart Scholarship when they apply.

- The scholarship will cover the full cost of enrolment of two Unistart papers (up to $1700).
Does fees-free affect Unistart?

www.feesfree.govt.nz

No. 3 and 4 of the fees-free eligibility criteria

3 not be enrolled in a school at the start date of the course or programme, and

4 not have previously undertaken more than half a year of equivalent full-time tertiary education (0.5 EFTS or 60 credits) at level 3 or above on the NZQF, including tertiary education at an equivalent level in any other country. This excludes any tertiary education undertaken while enrolled in a secondary school.

Q & A taken from FAQs on fees-free website

Q I have been at school in 2017 and did a tertiary level course as part of my study. Will I be eligible for fees-free?

A Yes. The fees-free policy will not penalise people who take tertiary courses while at secondary school. These courses are not counted as previous tertiary study for the purpose of assessing someone’s “first time study” status.
Workload Expectations

Most of the UoW Unistart papers are run over one semester

A workload of around 8-10 hours a week, which can include time spent in class, reading the online course materials, working on assignments and preparing for and sitting an exam/test
B Semester Online Offerings

9 July – 2 November 2018 (12 October)

2 November 2018
B Semester ends!

Sep/Oct 2018
Start applying for Semester A 2019!
Unistart Programme

If you're a secondary school student, the Unistart programme gives you a head-start in tertiary education by letting you complete university papers while you're still at school.

There are more than 30 papers to choose from, most of them taught online, and completed Unistart papers can be credited towards a University of Waikato undergraduate degree.

Check our [2018 Unistart brochure](https://www.waikato.ac.nz/study/unistart) for more information.

Note: For information relating to how the Government's 'Fees Free' Policy affects secondary school students taking tertiary courses please see the Q and A on the Government website here: [https://www.feefree.govt.nz/faqs/](https://www.feefree.govt.nz/faqs/)

Entry requirements

Unistart is open to all year 12 and 13 secondary school students who:

- have met the criteria for discretionary entrance to university,
- are between 16 and 20 years old at the start of the Unistart paper, and
- have approval from their school.

If you don’t meet the above entry requirements, email us to discuss your options.

Unistart Scholarship

The University of Waikato Unistart Scholarship is a full-fees scholarship that covers the costs of the Unistart papers you enrol in. You’ll automatically be considered for this scholarship when you’re accepted into Unistart – no extra application required.
But don’t just take my word...

“Unistart was the best possible stepping stone from high school to university life... not only did Unistart help me to develop my university study skills, it also helped me improve my NCEA results”.

Scholarships and Awards

We believe in rewarding success, which is why we offer hundreds of scholarships every year to our students.

A scholarship will open up a world of opportunities for you, no matter what stage of study you’re at. Whether you’re looking for support with study, fees, accommodation, research or leadership opportunities, we’ve got lots of options available to help set you up for the future.

Use our scholarships finder to discover which scholarships you may be eligible for.

If you need assistance or advice, contact our friendly team of advisers. You can also explore other funding opportunities outside of our scholarships.

In addition to Scholarships and Awards, the Scholarships Office also administer prizes offered by the various Faculties.
